

## I. Program Overview

The master program of logistics engineering of Beijing Jiaotong University (BJTU) was initiated in 2004. In the past decade, it has developed a mature talent training mode and had a good reputation and strong competitiveness in China. The discipline of logistics management and engineering of BJTU ranks first in China. The graduates of the master program of Logistics Engineering are qualified to undertake logistic management and technical work in sectors like railway, aviation, shipping, port, storage and so on.

## II. Program Characteristics

**1. You will enjoy the advantage of the STRONG DISCIPLINE.**  
The discipline of logistics management and engineering of BJTU takes the leading position in China. It is the first Chinese university entitled for master and PhD degree conferral in the field of logistics and the first one with an integrated logistic education system covering bachelor, master and PhD levels. In 2015, BJTU's logistics management and engineering is evaluated as China's No. 1 in this academic field by Research Center for China Science Evaluation and Network of Science and Education Evaluation in China.

**2. You will be supported by the STRONG FACULTY TEAM.**

With the honor of Excellent Teaching Team of Beijing, the faculty members of logistics engineering are 11 professors, 10 associate professors, and 3 lecturers, among whom there is an academican of Chinese Academy of Engineering. Two of them graduated from foreign universities. The rest have about 1 year oversea education or visiting experience. In addition, BJTU invites well-known specialists from railway, energy and logistics enterprises as co-supervisor. The supervisor from BJTU and co-supervisor from enterprise are **DOUBLE SUPERVISORS** for you.

**3. We provide PLATFORMS AND RESOURCES.**

Your study, scientific research and practice will be accepted by a number of teaching platforms such as the Development & Research Base of Beijing, Logistics Management and Technical Key Laboratory of Beijing, Research Base for Logistics Informatization of Beijing and Education Center for Master of Engineering. Moreover, many graduates of the program are employed by large state-owned enterprises like China Railway Corporation, China Railway Group, State Grid Corporation of China, China Power Investment Corporation, China Mobile and China Post, etc. That is beneficial alumni recourse for your personal development.

**4. You will keep track of INDUSTRY DEVELOPMENT.**

BJTU makes academic research and project implementation achievements in basic logistics theory, regional logistics planning, energy logistics, agricultural products logistics, cold-chain logistics, pharmaceutical logistics, port logistics etc, which will give strong backing to your education.

**5. You can get INTERNATIONAL RECOGNIZATION.**

BJTU is the partner of the Chartered Institute of Logistics & Transport International, UK (CILT, UK). The students of the master program of logistics engineering can get a Diploma for Operation Managers in Logistics (DOML) conferred by CILT, UK by submitting a qualified case review.

## III. Program Curriculum

This is a 2 years' M.E. program. The first academic year is for course study and the second one for internship, practice, research and writing of reports under the direction of the supervisors. Students should acquire at least 41 credits.

Course Type	Course Name	Hour	Credit	Marks
General Course (8 credits)	Information Retrieval	16	1.0	
	Intellectual Property	16	1.0	
	Contemporary Chinese Society	32	2.0	
	Basic Chinese	64	4.0	
Basic Course (11 credits)	Logistic and Supply Chain Management	32	2.0	8 Experimental Hours
	Senior Operational Research (1)	32	2.0	
	Senior Operational Research (2)	32	2.0	
	Production and Operation management	48	3.0	4 Experimental Hours
	Advanced Management	32	2.0	
Major Core Course (10 credits)	Procurement and Supply Management	32	2.0	4 Experimental Hours
	Logistic System Analysis and Design	32	2.0	8 Experimental Hours
	Logistic (Supply Chain) Modeling and Simulation Experiment	32	2.0	32 Experimental Hours
	Logistic Facilities Planning and Design	32	2.0	8 Experimental Hours
	International Logistics Operation	32	2.0	4 Experimental Hours
Major Optional Course (≥6 Credits)	Logistic Cost Control	32	2.0	4 Experimental Hours
	Warehouse Management and Stock Control	32	2.0	4 Experimental Hours
	Transportation and Distribution Management	32	2.0	4 Experimental Hours
	Logistic Information System Planning and Modeling	32	2.0	16 Experimental Hours
	Quantitative Models and Methods of Logistic Management	32	2.0	

The above-mentioned courses are for reference only.

## IV. Admission Requirement

**1. Foreign citizen.**

If the applicant was originally a Chinese citizen, he/she must have got the foreign passport for at least 4 years and the time living in the passport issuing country must be more than 2 years (according to the exit and entry records on the passport. 9 months is regarded as 1 year).

**2. Applicant must be in good health and abide to the laws and regulations**

**3. Bachelor degree of related academic fields**

**4. Applicants whose native language is not English must meet the English language proficiency requirement by at least one of the following condition:**

(1) Proof of high school and above education completed in the English language

(2) Minimum TOEFL score of 68 (IBT) within the past 2 years

(3) Minimum IELTS score of 5.5 within the past 2 years

(4) Passed the English language test of BJTU

## V. Application Material

1. Application Form (Fill online <http://study.bjtu.edu.cn>)
2. Bachelor Diploma and transcripts in English or Chinese (original or the notarized copy)
3. Photocopy of passport
4. Study plan
5. Two recommendation letters from associate professors or professor
6. English Proficiency Certificate
7. Eight 2 inch photos with white background or digital photo (minimum 640×480 pixels)

## VI. Tuition and Fees

1. Application Fee: 600 RMB/ person (nonrefundable)
  2. Tuition: 44,000 RMB/ Person•Year
  3. Accommodation Fee: 14,400-21,600 RMB/Person•Year
- Please log on <http://cie.bjtu.edu.cn/> for details
4. Comprehensive Medical Insurance Plan of Foreign Students in China: 800 RMB/Person•Year
  5. Stay Permit: 500 RMB/Person•Year
  6. Living Expenses: 10,000-15,000 RMB/Person•Year (only for reference)

## VII. Application Procedure

The deadline for submitting the application and paying the application fee is June 30th every year. (Apply on <http://study.bjtu.edu.cn>). Applicants can choose the master supervisor by himself or by BJTU. BJTU will provide the Admission Notice and visa form in about 3 weeks. The admitted students can apply for the visa with the admission document and health examination form at Chinese embassies and consulates (the examination result is valid for 6 months. Please pay attention to the time of physical examination).
